Up to a few weeks ago I considered myself the champion Dyspeptic of America. During the years that I have been afflicted I have tried almost everything claimed to be a specific for Dyspepsia in the hope of finding something that would afford permanent relief. I had about made up my mind to abandon all medicines when I noticed an endorsement of Simmons Liver Regulator by a prominent Georgian, a jurist whom I knew, and concluded to try its effects in my case. I have used but two bottles, and am satisfied that I have struck the right thing at last. I felt its beneficial effects almost immediately. Unlike all other preparainstructions are required as to what one shall or shall not eat. This fact alone ought to commend it to all troubled with Dyspepsia. J. N. HOLMES,
